

# VIMUKTHI GUNATILLEKE

MASTER STUDENT STRATEGIC DESIGN  
& BRANDING SPECIALIST

## PROFILE

I am Vimukthi Gunatilleke, a multi-disciplinary designer based in Delft, The Netherlands. I am enthusiastic to apply my knowledge and fresh experience into practice.

I look forward to using the knowledge I've gained in areas regarding consumer user research, future roadmapping, iterative ideation, professional and corporate branding, and digital prototyping - and integrating them into overall design processes. This includes overseeing the project from start to finish, whilst giving strong user insights and unique contributions.

I love being creative - be it sketching new ideas for a prototype or solving design challenges. I am an avid photographer and videographer and I enjoy doing photoshoots and making movies in my spare time. I also host podcasts and write design-related articles.
